Supporting Information

Shared Hope International exists to rescue and restore women and children in crisis. It is a leader in a worldwide effort to prevent and eradicate sex trafficking and slavery through education and public awareness. The purpose of attending this conference is a next step in creating Minnesota's comprehensive, systemic response to girls being sex trafficked in our state and is a continuation of the work started by the delegation that traveled to D.C. in June.

It is expected that the total amount of the gift should not exceed \$2000.00.
